The Minutes of the Meeting 6 July 2015 were signed by the Chair.

Matters arising from previous minutes None

Committee requested that the Clerk write to Wokingham Borough Council, yet again, instructing them to re-site the bin (near the MUGA) as in previous instructions.

Committee authorised Cox Decorators to paint the water pump at the corner of Park Lane as per the quote £290.00. Committee was pleased with the decorating carried out at the Village Hall and when considering quotations for the hall decoration, this company offered good value for money, so no further quotes were sought.

Invoices for Payment: None

AOB None

Members' Comments:

It has been noted that the MUGA has been used by a keep fit company and the Clerk is to be requested to write a letter stating that this facility is not for commercial use and stress that it was built purely for community use. The Assistant Clerk will check that the 'no dog' signs are still displayed on the fencing.
